## MULTI-STORE WARDROBE CARCASS AND INSERT RANGE

- To design your individual wardrobe select one from the comprehensive range of wardrobe sizes available below.
- Choose the one that best suits your needs.
- After you have chosen the wardrobe carcass size that suits, you can now begin to design your new Multi-store wardrobe by using the planner provided on the back page to draw your layout.
- This is simply done by cutting out the insert modules supplied on the opposite page.
- We have given you some suggested layouts below, to help you start your Multi-store wardrobe.
- As the illustrations show, it is simple to design your own wardrobe using the Multi-store range of products.

**Note: 2000mm high units are not suitable for wardrobe carcass range.**

Wardrobe carcasses are available in the these sizes (height x width in mm.)

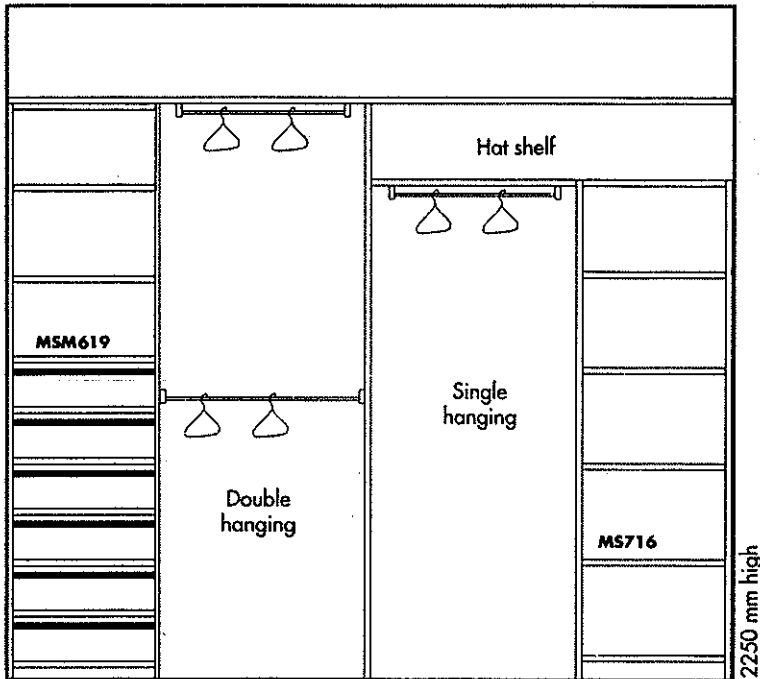

2100 x 1200	2250 x 1200	2400 x 1200
2100 x 1500	2250 x 1500	2400 x 1500
2100 x 1800	2250 x 1800	2400 x 1800
2100 x 2100	2250 x 2100	2400 x 2100
2100 x 2400	2250 x 2400	2400 x 2400
2100 x 2700	2250 x 2700	2400 x 2700

Note 2250 and 2400 high carcasses are available with headpiece to be fitted to the ceiling

Wardrobe Insert range  
(Units are 608mm and 500mm wide x 450mm deep)

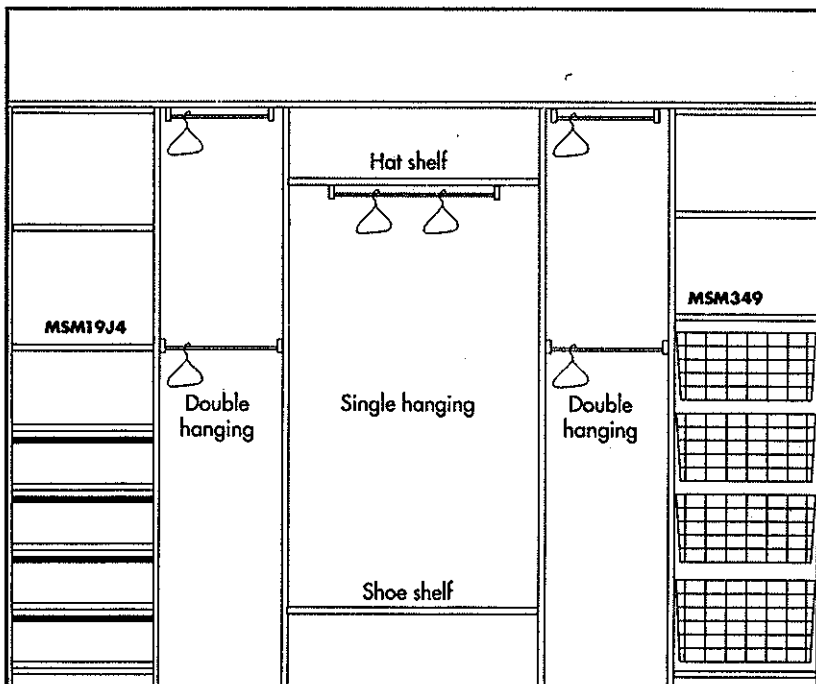

### ADULT WARDROBE SUGGESTIONS

2 DOOR

2400 mm wide

3 DOOR

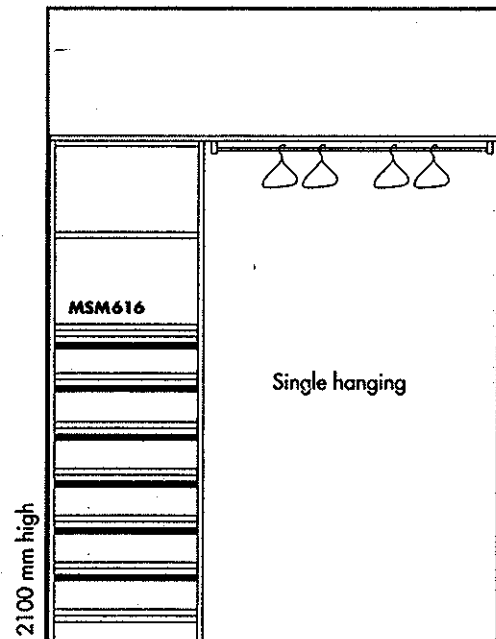

2700 mm wide

### CHILDREN'S SUGGESTIONS

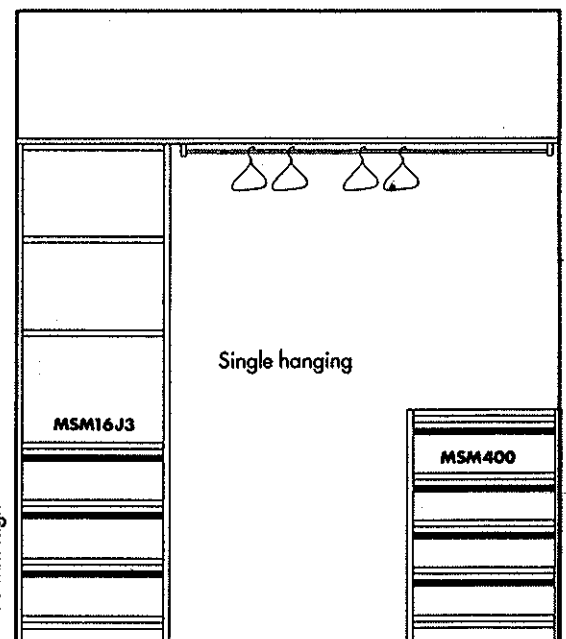

Scale 1:25

2 DOOR

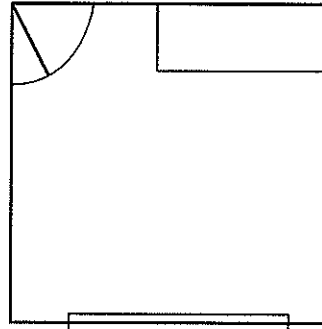

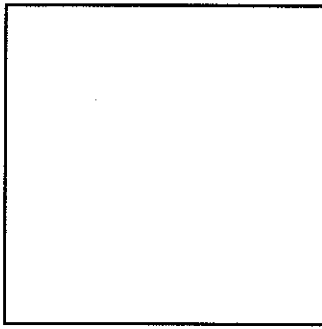

1500 mm wide

2 DOOR

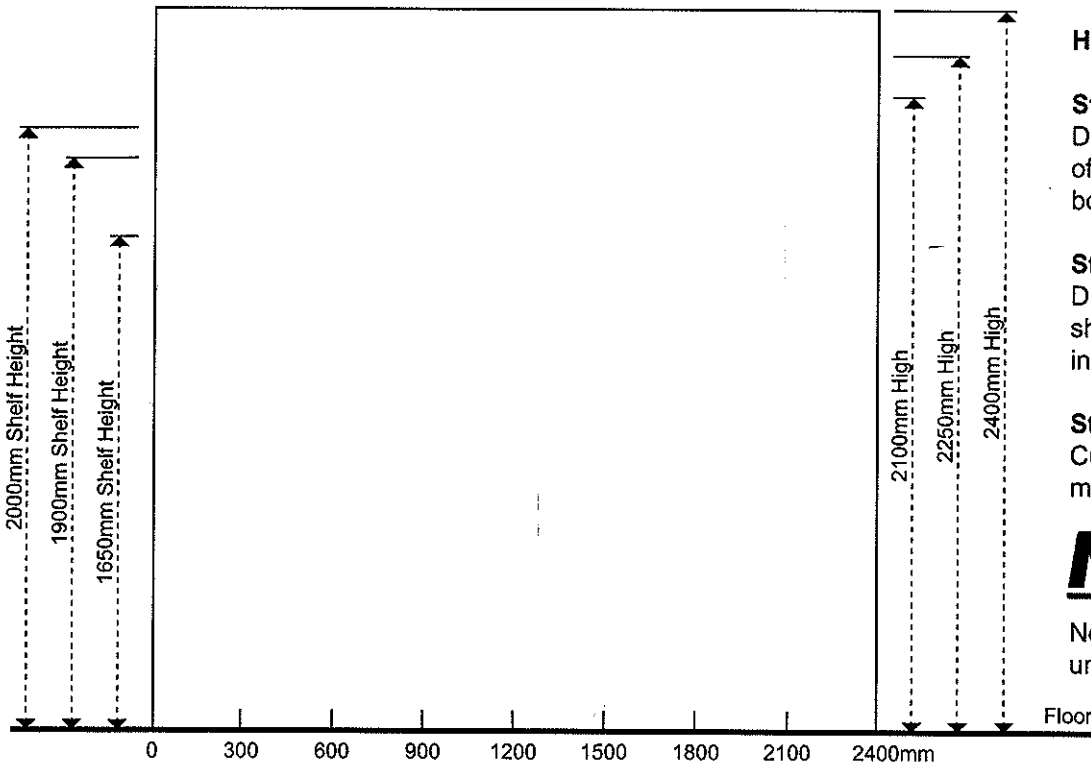

1500 mm wide

## PLAN YOUR WARDROBE LAYOUT

**EXAMPLE:**  
Draw in position of wardrobe.  
Show doorways and windows

## DESIGN YOUR LAYOUT - 2 DOOR WARDROBE Scale 1:25

### HOW TO USE PLANNER:

- Step 1**  
Determine the height and width of wardrobe by using scale on bottom and sides of layout.
- Step 2**  
Draw a line across page to mark shelf height, depending on which inserts you use.
- Step 3**  
Cut out and place in robe insert modules from page 2.

Note: Be careful not to position units where sliding doors overlap.

## DESIGN YOUR LAYOUT - 3 DOOR WARDROBE Scale 1:25
