

Bodyline Signage and Graphics

Why would you trust anyone else?

Bodyline is a division of Mills-Tui, one of the largest companies designing and manufacturing heavy vehicles in Australia. Our experienced sign writing team at Bodyline can transform your vehicle into a rolling billboard. This is the most cost effective advertising available. An eye catching vehicle demands attention, attracts customers and makes a statement about your business.

Your vehicle livery can work for you 24 hours a day, year after year. Depending on your budget we can do basic sign writing of one vehicle through to full vehicle wrapping services on a whole fleet.

Services:

- Bus, Truck and Vehicle Signage
- Corporate Signage
- Shop and Building Signage
- General Signage
- Advertising Banners
- Digital Printing & Vinyl Graphics
- General Labels
- Resin Doming
- Design and Consultancy
