

Bodyline Refurbishments

Why would you trust anyone else?

Bodyline is a division of Mills-Tui, one of the largest companies designing and manufacturing heavy vehicles in Australia. We design and manufacture buses and heavy specialised vehicles from the ground up. We have the talent and the tools to re-model or restore your vehicle to new condition. Whether you want a full interior / external refurbishment, a new image or minor re-modelling, Bodyline is your one stop shop. We can remove your body rust and panel dents, repair fibreglass damage, remove floor rot, re-wire, full interior strip, re-paint and sign write to your fleet livery.

Services:

- Body refurbishing
- Body re-modelling
- Interior refurbishing
- Frame inspections and rust repairs
- Automotive trimming
- Spray painting, sign writing and fleet refinishing
- Chassis modifications and refurbishing
- Electrical re-wiring
- Retrofitting – A/C, TV, toilet & wheelchair lifts
- Seating installation and modifications
- Electronic quoting and digital approval
